There are various excursions offered by travel agents in the town, giving reasonable access to the tourist attractions in Granada, Cordoba, Jaen or further afield. There is also a public bus service to most locations. We are pleased to offer free transport to and from Alcala as required.

Our guests are welcome to remain at CasaQuince to spend days by the pool, relax on the terraces, play pool or have a workout on the gym equipment. While we are happy to provide bed and breakfast if you fancy tea or coffee etc during the day then the facilities are here for you.

There is a local bar within 2 minutes walk that will serve food and provide drink for consumption both on and off the premises. No disturbance from this bar is generally experienced at CasaQuince.

We hope that guests will respect the local community and should you wish to abandon clothing please be aware that there are areas exposed to the public and neighbors.
